

Talking Points Speech/Debate Programs

Location

**Persuasive Speech (Original Oratory)**

Students will learn how to select current event topics in their field of interest, conduct research, analyze evidence, outline and draft persuasive speeches, and perform their speeches.

**Expository/Informative Speech**

Students will be instructed on appropriate ways to create, handle, and present visual aids during their speech performances.

**Student Congress**

Students will learn the basic structure of debate argumentation and the ability to critically analyze a situation from multiple perspectives.

**Parliamentary Debate**

Students will learn a form of debate based on the English parliamentary system by pairing up and debating opposing pairs of students on various topics.

**Model United Nations (MUN)**

Students will learn how to debate as representatives of their respective countries regarding current world issues in an atmosphere similar to that of the United Nations.

**Future Business Leaders of America**

Students will learn about the high school organization known as Future Business Leaders of America (FBLA) as well as prepare for FBLA competitions

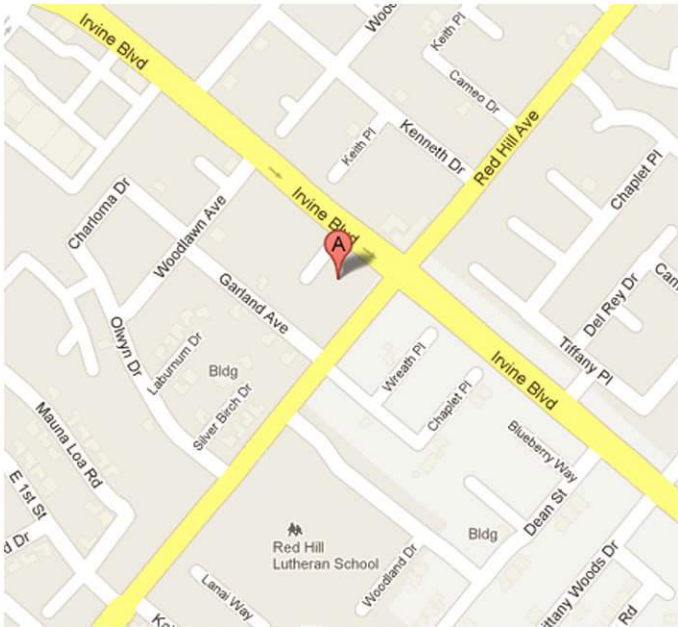

**Mock Trial**

Students will learn how the courtrooms operate as well as play the roles of the prosecution and the defendant in various mock trials.

**Impromptu Speaking**

This class allows the students to develop their critical thinking and presentation skills within a specified timeframe.

## Future Academy

Here at Future Academy, we believe that the futures of our children don't just happen: they are nurtured and shaped. We are here with our determined staff and comprehensive curriculum to provide your children with the necessary environment and tools they need to become influential leaders of tomorrow.

### **Study Clinic**

We offer a study clinic aimed at helping students reach their full potential. For students who need that extra push, our clinic helps:

- Maintain/improve GPA
  - Develop time management
  - Build strong study habits
  - Foster a goal-oriented attitude
- \*Individualized to the student's needs

### **Premium College Support System**

Our center is highly interested in the future success of our students. In order to ensure that success, we are offering an exclusive college support system that can help your student with high school prerequisite counseling, ACT/SAT score analysis, college selection, college application essays, and preparation for college entrance interviews. All interested parties should contact us for details.

### **Personalized SAT Preparation**

We take a unique approach in preparing our students for the SAT. Rather than teaching a standardized curriculum to all students, we individually tailor the class to your student's personal needs.

- \*Minimum of 24 hours per subject of choice
- \*Private session-Max 4 student group session

## Enrichment Programs

### **Analytical Reading and Writing**

Students will foster critical reading, analytical writing, and editorial analysis skills.

### **The Current Event Experience**

Students will broaden their knowledge by infusing global current events into their educational experiences.

### **Critical Historical Analysis**

#### *World History Past & Present*

Students will engage and analyze current global issues as well as related historical events.

### **Educators From The Past**

#### *Philosophy in Scope/Theory of Knowledge*

The class will focus on analyzing philosophical premises from the great thinkers of our past like Rousseau, Socrates, Aristotle, etc.

### **Science Lab**

Students will learn about the biological and physical sciences as well as conduct experiments in a laboratory setting. The class will cover Biology, Physics, Chemistry, lab safety, and technical writing.

### **Competition & Enrichment Mathematics**

We want to help selected students to prepare for nationally recognized competitions as well as help students get a head start on difficult math concepts required in high school, PSAT, SAT, and ACT.

### **Other Classes**

- Persuasive Writing
- Descriptive Writing
- Creative Writing
- Everyday Interpersonal Skills
- Note-taking
